

ANNUAL REPORT

College Principal - Foreword

Welcome to Nambour Christian College.

I am pleased to introduce the 2020 Nambour Christian College Annual Report.

This report outlines some of the investments and outcomes across the college as staff strive with parents in the holistic growth of their children. This report will also give evidence to our pursuit of a balance of the broad purposes of education (intellectual, utilitarian, moral and spiritual) to form character, scholarship and Christian community.

In 2020 our senior students were the first graduates under the new Queensland Senior Schooling program. We were particularly proud of the students and the extraordinary effort of academic staff for the new processes. Our Dux of the College achieved an outstanding ATAR of 99.5. From a cohort of 84 the Vocational Education program also issued 137 certificates, including 24 Certificate III. I wish to express my congratulations to all students and staff for these and many more outstanding achievements.

Other programs also contributed to great outcomes, despite limitations imposed by COVID restrictions, including maintenance of the extensive music (with innovative alternate strategies), Farm programs, some Camping/Outdoor Education experiences, Service Programs and other Co-curricular pursuits which contribute much to the broad learning of NCC students.

Of course, 2020 also presented additional challenges associated with COVID-19 and I express my admiration and indebtedness to the amazing efforts of students, families and all staff in meeting this challenge and exceeding expectations. With the extraordinary level of commitment of staff to their professional responsibilities and commitment to caring for students, NCC was able to pivot its formal learning and care initiatives to suit the changeable external environment.

As a Christian community, our overarching college theme in 2020 was based on the bible verse, 'Let us consider how we may spur one another on toward love and good deeds.' (Hebrews 10:24) Of course, we had no idea of the specific challenges ahead when this was set. Our exploration these ideas of love, Christian virtues and service provided a timely reference point within and outside of the NCC community.

I commend this report and the outstanding work that it represents from students, academic staff, support and administration staff and the parent community.

Geoff van der Vliet COLLEGE PRINCPAL

"NCC's broad approach to non-selective education has three foundations; character development, scholarship and community."

CHARACTERISTICS OF THE STUDENT BODY

Nambour Christian College draws students from the entire Sunshine Coast region with our own buses servicing areas from Landsborough in the south to Tewantin in the northern reach including areas west such as Cooroy, Kenilworth and the Range. 65% of our students live within a 20-minute drive of the College.

We also have several Senior students boarding at NCC who completed Middle School at Gulf Christian College that is owned and operated by Nambour Christian College.

In 2020, we had 37 students who identified as Aboriginal or Torres Strait Islander (3.42%) of the student population.

Our student body is made up of 54.18% female and 45.82% male students.

PARENT, TEACHER AND STUDENT SATISFACTION WITH THE SCHOOL

Upon entry into Year 10, students are carefully transitioned into their family groups, subjects and house groups as we see this important year of study being integral as a foundational year in readiness for the senior phase of learning, being Year 11 and 12. All students responded positively to this transition, stating that they felt supported and could see why we are so deliberate in our approach to the Senior School.

Upon exiting the school, students have indicated that overwhelmingly, the Year 12 Camp in the first week of the year is significant in preparing them for the year ahead. Students also felt great support from their classroom teachers across all areas, indicating that our teachers are 'always available' to help them in their learning. Also, one student commented that ... 'there is a good culture in the Senior School at NCC'. Students are committed to not only their studies but also the extra-curricular offerings that the school provides ... 'we always look forward to the Swimming, Cross Country and Athletics Carnivals, as well as representing the school at any opportunity'.

The COVID-19 challenges led to many special communication

services to our community. Early on we decided to provide regular feedback to the NCC community, assisting them to focus on official sources of information and providing guidance on how their NCC community was responding. There were also repeated opportunities to support families with particular circumstantial needs so that an effective NCC education could remain for their children. These elements provided a many opportunities for formal and information communication between college staff, students and families.

In 2020, the College undertook a planned 'full cultural audit' whereby a comprehensive perceptions survey was performed for all staff, parents and students from Years 6 to 12. The report was encouraging and data is assisting future planning in many areas of the college. Areas covered included:

Expectations, Overall experiences, Academic program, Supported learning at home, Learning Enrichment, Learning Extension, Curriculum, Information and Communication Technology, Christian ethos, Pastoral Care / Student Wellbeing, Bullying, Sport, Co-curricular (non-sport) Programs, Outdoor Education/Camping , rogram, New Students, Communication, Management and Leadership, Student Services, Facilities and Resources, Reputation, Affinity, Next Stage of Life

There were several other timely feedback loops used reflect on our operations in areas such as; new students, new families, exiting families, transition programs, etc.

CONTACT PERSON FOR FURTHER INFORMATION

For more information about the College please contact Mr Geoff van der Vliet, College Principal, via Mrs Ros Wadmore, Executive Assistant to the College Principal.

SCHOOL INCOME

As an accredited independent school, NCC functions with two primary sources of income, Government funding (Federal and State) and Private Income (mostly tuition fees). Details of recurrent and other income, together with capital expenditure, https://myschool.edu.au/school/48107/finances

Staffing Information

STAFF COMPOSITION

Teaching Staff	No. of Staff	FTE

Masters	16.7%
Bachelor Degree	80.3%
Diploma	2.0%
Certificate	0%

EXPENDITURE ON AND TEACHER PARTICIPATION IN PROFESSIONAL DEVELOPMENT

The Teaching and Learning Committee (P-12) oversees the professional development program for academic staff and the Business Office for support and administration staff. COVID-19 implications early in the year led to extensive development in the use of technology and programs to deliver the learning program in a range of modes. The Junior School focused on 'Seesaw' as the platform to provide learning and direct daily messages and learning programs between students and teachers and learning support staff. The Middle and Senior School academic staff provided learning utilising the college's learning management system, 'Canvas', and Zoom lessons for live interactions with students. Staff responded extremely generously to the extra learning required of them in a short space of time to make sure that students were able to continue their learning and care as seamlessly as possible.

Professional learning also included the usual activities around annual compliance training. Staff meetings were capped for face-to-face participants and online options provided. NCC developmental program with Independent Schools Queensland also continued although face-to-face professional activities were generally replaced with on-line modes.

a) Teacher Participation in Professional Development

Description of PD activity	Number of teachers participating in activity
Whole Staff meetings & Staff Retreat - College Development, Principal's Briefings, Child Protection training, WPHS training, etc	98 (including part time)
Regular staff meetings	98
Compliance training (Child Protection, Fire, etc)	98
Wellbeing Programs	98
Junior School Literacy – including 'Grammar' and 'Reading'	34
Senior School Literacy – 'Writing'	23
Subject-specific programs	57
Leading learning	98
Student leadership	5
Vocational Education and Training	20
'Extension' Learning	79
Boarding	6
Technology for Learning	98

b) Expenditure on Professional Development

Total Number of Teachers	Total expenditure on teacher PD	\$86646.87
98	Average expenditure on PD per teacher	\$884.15
The proportion of the teaching staff involved in professional development activities during 2020		100%

AVERAGE STAFF ATTENDANCE FOR THE SCHOOL, BASED ON UNPLANNED ABSENCES OF SICK AND EMERGENCY LEAVE PERIODS OF UP TO FIVE DAYS

NUMBER OF STAFF	NUMBER OF SCHOOL DAYS	TOTAL DAYS STAFF ABSENCES	AVERAGE STAFF ATTENDANCE RATE
98	195	94.1	96.7%

PROPORTION OF TEACHING STAFF RETAINED FROM THE PREVIOUS YEAR

NUMBER OF PERMANENT TEACHING STAFF AT END OF PREVIOUS YEAR	NUMBER OF THESE STAFF RETAINED IN THE FOLLOWING YEAR (THE PROGRAM YEAR)	% RETENTION RATE
97	93	95.9%

Key Student Outcomes

In 2020, NCC had 84 Year 12 students of which -

- 95.85% of full-time graduates received a QCE or QCIA.
- 3.4% of our ATAR released students received an ATAR 99+.
- 52 students received a total of 87 VET certificates graduating with VET qualifications
- This information is based only on those students who released their ATAR.

AVERAGE STUDENT ATTENDANCE RATE (%) FOR THE WHOLE SCHOOL

Daily student absence is managed by an absence 'hotline' for parents to call. If notification is not received by 9am then the College makes contact with the parents. Attendance rates are monitored through the pastoral care structure of the College with appropriate intervention applied at appropriate levels of school leadership. The average attendance rate for the whole school as a percentage in 2020 was 94.35%

AVERAGE STUDENT ATTENDANCE RATE FOR EACH YEAR LEVEL

Year levels	Average attendance rate for each year level as a percentage in 2020	Year levels	Average attendance rate for each year level as a percentage in 2020
Prep	94.33%	Year 7	94.24%
Year 1	95.20%	Year 8	94.78%
Year 2	94.62%	Year 9	93.81%
Year 3	95.14%	Year 10	94.22%
Year 4	95.23%	Year 11	93.52%
Year 5	95.08%	Year 12	92.33%
Year 6	94.02%		

APPARENT RETENTION RATE YEAR 10 TO 12

98.79% - Year 12 student enrolment as a percentage of the Year 10 cohort. The economic situation on the Coast has a great influence on this.

YEAR 12 OUTCOMES

Outcomes for our Year 12 cohort 2020	
Number of students awarded a Senior Education Profile	84
Number of students awarded a Queensland Certificate of Education	78
Number of students awarded a Queensland Certificate of Individual Achievement (QCIA)	0
Number of students or are completing or completed a School-based Apprenticeship or Traineeship (SAT)	15
Number of students awarded one or more Vocational Education and Training (VET) qualifications	52
Number of students awarded a Senior Statement only	6
Number of students awarded an International Baccalaureate Diploma (IBD)	0
Number of students awarded at least one VET qualification:	
Certificate I	20
Certificate II	44
Certificate III	23
Certificate IV	0
Diploma	1
Advanced Diploma	0

NEXT STEPS SURVEY

This survey is conducted to inform the school community about Year 12 completers' transitions into further education, training and employment. The survey is conducted six months after the end of each school year when students will have accepted tertiary education places.

SCHOOL RESPONSE RATE TO SURVEY

Number of Year 12 students in 2019	Number of responses received from students	Percentage response rate
82	58	70.7%

DEFINITIONS OF MAIN DESTINATIONS

School Year 2019	Percentage of Students in each category
University (degree)	55.2%
VET total (Cert IV+ III, I-II,	10.3%
apprenticeship, traineeship)	
Working full-time	5.2%
Working part-time/casual	20.7%
Seeking work	6.9%
Not studying or in the labour force	1.7%

Distinctive Curriculum Offerings

At the start of the College's journey as an educational institution, a mostly 'self-paced' curriculum existed. This was soon replaced by programs written from a local context for the Queensland syllabus documents. The College rapidly developed a broad curriculum to reflect student needs to engage with their learning and to challenge students to learn and grow to achieve their personal best.

The Junior School has a careful focus on literacy and numeracy learning as well as the eight key learning areas. In 2020, the Junior School teachers continued to develop their practice in the specialised literacy programs of 'Sharp Reading', 'Jolly Phonics' and 'Jolly Grammar' and the numeracy program 'Maths Mastery'.

The specialist program from Prep to Year 6 includes weekly lessons in Music, Physical Education and Library skills. Students from Prep to Year 5 also studied LOTE in the form of a weekly French lesson with a specialist French language teacher. A comprehensive instrumental music program engages all students in Year 4 with hundreds of students other year levels choosing to learn instruments and play in the comprehensive school band and choir program.

The Middle School continues core learning each week in English, Mathematics, Science, Humanities, Physical Education and LOTE (Years 7 and 8), Biblical Studies (Year 9). Students engage in special subject 'rotations', studying the following subjects in pairs through Years 7 and 8:

- Agricultural Science
- Art
- Design
- Digital Solutions
- Drama
- Food and Nutrition (Kids in the Kitchen Y7, Master Chefs Y8)
- Fundamentals of Business
- Industrial Technology
- Logic (Year 8 only)
- Media
- Music
- Practical Life (Year 8 Only)
- Reading, Responding & Reasoning (Year 7 only)

The elective subject opportunity commences for Year 9 students who choose two subjects from the following list:

- Agricultural Projects
- Art
- Digital Solutions
- Design
- Drama
- Food Technology

- Fundamentals of Business
- Industrial Technology
- Japanese
- Media
- Music
- Physical Education

The Senior School curriculum is built around student choice from a comprehensive and broad range of academic and vocational subjects as follows:

- Compulsory English English, Literature or Essential English
- Compulsory Mathematics Specialist Mathematics, Mathematical Methods, General Mathematics, Essential Mathematics
- Sciences Physics, Chemistry, Science, Biology, Agricultural Science

- Humanities Geography, Modern History, Philosophy and Reason
- Business Accounting, Business, Legal Studies
- Computing Digital Solutions
- Creative and Performing Arts Film, Television & New Media, Drama, Music, Music Extension (Year 12), Visual Art
- Industrial Technology and Design MSF10113 Certificate I in Furnishing, MSM10216 Certificate I in Manufacturing (Pathways), Design, Industrial Technology Skills
- Physical Education Physical Education, SIS20115 Certificate II in Sport and Recreation
- LOTE Japanese
- Hospitality & Pastry and Baking– SIT10216 Certificate
 I in Hospitality, SIT20316 Certificate II in Hospitality,
 SIT20416 Certificate II in Kitchen Operations, FBP20217 Certificate II in Baking, SIT3606 Certificate III in Hospitality, SIT30616
 Certificate III in Catering Operations
- VET AHC21216 Certificate II in Rural Operations, FSK20113 Certificate II in Skills for Work and Vocational Pathways

NCC also provides opportunities for our more able students to be enriched and extended through a variety of activities and competitions, often involving other schools.

Teachers also extend students in the regular classroom by varying assignment topics and expectations and by allowing students to research topics in their personal interest areas.

- Differentiation within lessons to extend student potential for advanced learning and high achievement levels
- Different levels built into assignments and assessment tasks (e.g. extension questions, optional questions in homework etc)
- Additional support in Senior School for extension students
- Leadership seminars and workshops
- 'Headstart' and 'Start Uni Now' at USC or CQU
- Cultural Trips to Normanton (Year 9-10);
- Peer Mentoring for Junior and Middle School students
- Involvement in Senior School Committees designed to foster leadership, service and responsibility
- Ministry and leadership roles in the College Chapel program
- Opportunities to tutor younger grades
- Meliora Enrichment Program for Middle School Gifted and Talented students
- Go for Gold (Y7 & 9) and High Performance (Y10) writing workshops for academically gifted students

SPECIAL LEARNING EXTENSION AND CO-CURRICULAR PROGRAMS

The curriculum and lessons utilise the differentiation process and extension opportunities, including inquiry-based tasks, extension questions, optional questions in homework etc. There were also a number of special opportunities to extend student growth in formal and informal settings, with examples listed below.

- on-going testing and observation of students within all curriculum areas, and adjustment to each identified student's program to cater for interests, learning styles and rate of learning.
- lesson plans and assessment items that support flexible

differentiation in the curriculum to increase motivation for students who show potential beyond that of their peers.

- teachers and students negotiate the curriculum to facilitate rigorous advanced learning and high achievement levels.
- training for teaching staff aimed at developing in-class extension strategies as well as ongoing assessment of students' learning from these strategies.

Learning Extension specialists in our sub-schools analyse data from observation check-lists, collect data, and monitor assessments to ensure all identified students are motivated and accelerated according to individual needs.

LEARNING EXTENSION & CO-CURRICULAR

- Differentiation and inquiry within lessons to extend the potential for advanced learning and high achievement levels
- Different levels built into assignments and assessment tasks (e.g. inquiry-based tasks, extension questions, optional questions in homework etc)
- Science Week programs
- Extra-curricular science projects and presentations
- University of Queensland Philosothon
- Lunchtime workshops: Art and Craft groups, Dance, Computer Coding, Book Club, Guitar Club, Debating
- Students attend USC Explorama and Brainways Academicus and Days of Excellence workshops (run outside of NCC)
- Chess competitions and workshops
- Premier's Reading Challenge
- Opportunities to enter a range of Writing, Mathematics and Science Competitions throughout the year.
- Voices on the Coast Literature and Drama
- Inside Out Theatre Company based at NCC
- Year 4 Performance & Instrumental Music Program
- Instrumental Music bands, choirs and ensembles
- Sunshine Coast Junior Eisteddfod
- Interschool debating competitions
- Leadership workshops
- Acceleration for gifted students working well-above year level curriculum and assessed as requiring accelerated learning
- Shake and Stir Theatre Company performances

2020 Subject Highlights

AGRICULTURAL SCIENCE

- Beginning a vocational education course in Year 10 which focused on a wide range of skills including cattle and horse handling, plant propagation, workplace safety, tractor and side by side vehicle operation.
- Extending students within their areas of interest such as beekeeping, vegetable growing, animal husbandry and scientific investigation.
- Short excursions to local agribusinesses such as a Droughtmaster stud, commercial cattle breeder enterprise, feedlot and abattoir.
- Engaging in the Hermitage Research Facility Plant Science Competition and receiving commendation for student work.

BUSINESS

- Accounting BEAQ competition (Years 11-12)
- BEAQ Junior Business Competition for entrepreneurship
- Tutoring in Accounting for extension students
- ASX share market game
- Legal Studies in-class debates on current world issues
- Legal Studies excursions to Law Courts
- Variable assessment tasks to extend students and foster creativity.
- Participation in the ASX Sharemarket Game

- Local business and legal studies competitions
- Debating opportunities during class
- Excursions
- Guest speakers during lessons

COMPUTING, INFORMATION TECHNOLOGY

- Students have the opportunity to assist during the holidays with computer upgrades at NCC
- Open-ended projects allowing Senior students to develop near commercial quality software
- Students assist with IT equipment and software for Chapel and Award Nights
- External competitions Young ICT Competition
- Showcase Lego Robotics at Open Day

ENGLISH

- USC Sunshine Coast Debating competition
- Poetry Aloud: poetry memorisation and recitation competition
- Write for Fun Essay competition
- Engagement with Write that Essay online program

JAPANESE

- Simultaneous learning of Hiragana / Katakana and Kanji scripts
- Use of online sites for language and grammar
- USC immersion for Years 10-12 students
- Regional Competitions like poster and speaking competitions.

HUMANITIES

- Geographical field trips , including Year 8 Glasshouse Mountains study; Year 10 waetrways investiagtion; Year 11 traffic study in Noosa and Year 12 erosion study at Noosa Dog Beach.
- Interactive history excursions to Abbey Museum
- Year 7 Liveability model showcase

INDUSTRIAL TECHNOLOGY & DESIGN

- Extension challenges are included in assessment pieces
- Graphics extension options for students in Computer Aided Design (CAD)
- 3D Printing
- Woodworkers Club annual show

MATHS

- Maths workshops and study groups
- Local Maths competitions

SCIENCE

- Rio Tinto Big Science Competition
- ConocoPhillips Science Experience
- Queensland Junior Physics Olympiad
- RACI Chemistry Competition
- National Youth Science Forum
- Science Week activities
- Tutorials
- Visits by various personnel medical
- Excursions (eg Year 9 to Science Centre, Year 12 Biology to Anatomy Laboratory)
- Year 10 Physics Sunshine Coast Science and Engineering Challenge

PHYSICAL EDUCATION AND SPORT

- Seasonal inter-school sport teams competitions
- Participation in representative pathways through Qld Sport Program
- Provide specialised coaching

OUTDOOR EDUCATION

JUNIOR SCHOOL

- Prep Berakah Farm (day trip)
- Year 1 Ginger Factory (day trip) cancelled due to COVID

Year 2 – Apex Camp, Mudjimba (day trip) - cancelled due to COVID

Year 3 – Underwater World (Overnight at Alex Park) - cancelled due to COVID

Year 4 – Mapleton Holiday Centre (3 days) $\,$ - cancelled due to COVID

Year 5 – Luther Heights (Coolum 3 days) $\,$ - cancelled due to COVID

Year 6 – Currimundi Recreation Centre (3 days)

MIDDLE SCHOOL & SENIOR SCHOOL

Year 7 – Stepping Up - Focus, Friends and Faith - Maranatha Recreation Camp (cancelled due to COVID)

Year 8 – Stepping Forward Boys - Pindari Outdoor Education Centre Girls - Kiah Park

Year 9 – Stepping Out Boys - Cooloola and Noosa Trails Network Celebrating Milestones Girls - Cooloola National Park

Year 10 – Leadership & National Milestones Canberra (cancelled due to COVID)

Year 11 – Leadership....Towards 2020 - Camp Somerset

Year 12 - 'It's Not About Me' Leadership Camp - Emu Gully

Co-Curricular Offerings

Internationally, nationally and on the Sunshine Coast, Nambour Christian College provides a diverse range of opportunities for students to be involved in co-curricular activities.

Our students are challenged to develop their gifts and talents and to consider ways in which they can lead and serve others both within and outside the school community. There are numerous opportunities for our students to be part of and enjoy a broad range of experiences. These co-curricular activities are designed with our students in mind and significantly enrich their educational experience at NCC.

PERFORMANCE & INSTRUMENTAL MUSIC

Respect. Responsibility.

Resilience.

These three words are used throughout the Performance and Instrumental Music Department to ensure that we are all striving to be the best that we can be. Despite the myriad of ways life in this part of the school was impacted by the Covid-19 virus, we are incredibly proud of the way our students reflected respect, responsibility, and resilience throughout the year. A significant number of our performance opportunities were cancelled, and everyone was required to think outside the box to ensure continuity of lessons. The skills learnt during the "supported learning at home" phase during Term 2, opened new opportunities for staff and students, and are helping to shape new methodologies. Exploring new ways to provide performance opportunities, support end of year Awards Ceremonies and celebrate the successes of our students. all whilst maintaining the socially distanced guidelines of Covid-safe practices, again resulted in creative thinking and large doses of respect, responsibility and resilience!

Respect. Students maintained a high degree of respect for each other and staff across the Zoom platform used during "at home" lessons. Greetings were friendly, instruments and music were ready to go, and some families even went the extra mile with "studio-like" set-ups! This level of respect continued when rehearsals returned with students happily abiding by the new "Covid-safe guidelines," and helping wherever they could.

Responsibility. The instrumental teachers were delighted by the punctuality and attendance rates during "at home" learning. Most students managed their workloads and various meeting times with enthusiasm – looking forward especially to their instrumental lessons. Despite not having a regular band rehearsal, students diligently practised their parts, ready for the day we could return to full band rehearsals. Students showed an extra measure of responsibility once rehearsals returned by ensuring they had all the supplies they needed for each rehearsal. Sharing music, stands, pencils and so on were all not allowed under the new guidelines.

Resilience. This year has certainly tested the resilience of staff and students alike. Transitioning to "at home" learning as quickly as we did, saw many long days spent watching "how to" videos, trial and error with Zoom settings, speciality equipment purchased and so on. The persistence the staff and students demonstrated to overcome the problems of playing instruments over Zoom, showed the high level of commitment to our PIMusic Department.

The 1.5m distance requirements meant that band and choir rehearsals weren't quite the same, yet the patience and determination shown by students to make the most of our time together despite the difficulties, speaks volumes for just how important music is in the lives of our students. What an interesting and different year 2020 has been!

There have been several silver linings that have come from the necessity to provide music lessons via Zoom.

- We heard wonderful reports from students learning and practicing at home about wildlife joining in; neighbours being impressed by their skills; and the general uplifting of the mood in the household during the lockdown period.
- We now have a "drum lab" for our beginner percussion groups. This enables each student to maximise their time with their teacher (all playing at the same time with low volume or headphones) yet also allows the teacher to hear individual students through the sound desk.
- We are now able to offer instrumental lessons on selected instruments to our friends at Gulf Christian College.

When the time came for returning to rehearsals, the Covid-19 guidelines which had to be implemented again called for patience, resilience and quite a lot of planning. The social distancing requirements meant that we needed a much bigger space than usual, and the Abbenbroek building showed its versatility in this regard. The Junior School Drama Room became the Music Room for Mrs Smith, enabling the whole rehearsal wing to be fully opened. We thank the Junior School for accommodating this change, and praise God for those who designed the building with this functionality already built in. Being distanced in this way brought some challenges to our groups, especially the choirs, but the delight to once again have ensemble music emanating from the rooms provided much joy in what had been trying times.

With so many of the usual performance opportunities for our groups cancelled, it was time to get creative. Clever thinking and connections in the College community led to our "Time to Shine" recording and photography day. New Life Church was transformed into a recording studio, Just Photography provided professional group photos and Qframe Productions recorded all the bands and choirs performing several pieces. These videos were used for the end of year events and can be viewed on the College's Youtube Channel. https://m.youtube.com/channel/UCdi2siiFzcJN08L0B-0Y7bg A condensed version of the year's Eisteddfod was held in July with a significant number of restrictions in place to comply with Covid-19 Guidelines. No band or choir events were possible, with only solos, duets, trios and guartets allowed. Even with a much smaller contingent of NCC students performing, some incredible results were achieved. Eisteddfod organisers conveyed to us how impressed they were with the conduct and presentation of our students.

NCC hosted AMEB examinations again this year with 39 students completing practical and written examinations. Grades ranged from Preliminary to Grade 6 level. Congratulations to our talented musicians who put extra effort in to preparing for these exams under the difficult circumstances of this year.

Piano:	13 students
Woodwind:	17 students
Brass:	9 students

Unfortunately, the exams provided by Trinity College of Music, London were not able to be undertaken this year due to the Covid-19 virus.

CREATIVE & PERFORMING ARTS

Nambour Christian College has developed a distinguished reputation amongst schools on the Sunshine Coast in the area of performing arts. The NCC Creative and Performing Arts (CAPA) department provides a diverse range of opportunities for students to express their creative talent in co-curricular activities.

- Speech and Drama facility, with extensive costume wardrobe, make-up areas and stage props
- Film and Television Studio with five associated editing booths
- Two fully equipped Music Classrooms
- Six music rehearsal rooms with recording studio capability
- Art Studio with integrated kiln and open air 'wet' area
- Dance Studio in the Health & Fitness Centre
- Lecture Theatre and Outdoor Amphitheatre for drama and musical performances
- Six specialised Instrumental Music Studios and two Orchestra & Ensemble rehearsal areas for the College Instrumental Music
- Program in the Abbenbroek building
- Visual Arts Studio and Music & Drama Centre in the Junior School

Opportunities for students include -

- College Musical every two years
- 'Illuminations' Arts Showcase Evening: showcasing all CAPA subjects, annually
- Chapel Bands for Middle and Senior Schools
- Competitions for Art, Film and Photography
- Workshops for Drama, Music and Art
- Lunchtime concerts

- Shakefest Shakespeare competition run by Shake 'n' Stir
- Inside Out Theatre Company based at NCC (Junior school focus)
- Peer to peer tutoring for all CAPA subjects
- 'Jam Session': lunchtime extension music rehearsals
- Middle School digital poster competitions (Media)

SPORT

Nambour Christian College has been blessed with the extensive sporting opportunities available to our students. The sports available to students in our College are guite numerous, comprising of Junior School SCISSA sports, Middle School Sport, Junior and Secondary QLD School Sport Pathways, Secondary afterschool SCISSA, Sunshine Coast School Sport Competitions and of course the School Carnivals. The QLD School Sport Pathways and Carnivals, totalling in 20 various sporting opportunities, allows students to progress to higher levels of competitions at Districts, Regionals, States and Nationals.

At Nambour Christian College, we believe in every student's ability to 'INSPIRE EQUIP ACHIEVE', this being our sporting motto. There are a number of focus sports and sporting clubs available to the students. These comprise of Netball, Volleyball, Basketball, Rugby 7's, Soccer, Touch Football, Tennis, Rowing, Saturday Netball and Equestrian.

Each of these sports have multiple sporting competitions that the students have the opportunity to be involved in. In 2020, NCC celebrated multiple champion teams across both Junior School and Middle & Senior School sport competitions.

During Thursday SCISSA Sports, students in Years 4 to 6 participate in a large range of competitive and non-competitive sports, in addition to their usual PE classes. On Thursday afternoons, during school hours, students will learn the rules and skills associated with their chosen sport. Additionally, once or twice a term they will play friendly games against another school in preparation for Gala Day. Gala Days are held at the end of each term and are an opportunity for students to practice their new skills in a friendly, competitive environment. Students in a competitive sport will compete in a round robin style competition against the other Independent schools on the Sunshine Coast. Non-competitive sports will spend the day at school participating in a range of alternate activities, followed by their usual sport after lunch. The student sport selections change each semester.

The following sports are offered each year (subject to change): Semester 1: Boys - Soccer, Basketball, Rugby Sevens, Girls - Touch Football, Netball, Mixed - T20 Cricket, Non-Competitive Sports -Tennis, Gymnastics.

Semester 2: Boys - Volleyball, Touch Football, AFL, Girls -Volleyball, Soccer, Basketball, Mixed – Flippaball/Waterpolo, Non-Competitive Sports – Self Defence, Badminton

Wednesday Middle School Sport is used as an opportunity for

students to train for focus sports. Students are able to select from a number of sporting activities, which range from the following: Netball, Volleyball, Rugby 7s, Touch Rugby, Basketball, Tennis, Cricket, Underwater Hockey, Softball, Soccer, Gym/Circuit, Rock Climbing, Surfing, Skate Boarding, Surf Lifesaving and modified sports such as Ultimate Frisbee, Gaelic Football, Indoor Futsal, Dance, Jazzersize, Boxing and Walking Group. Traditionally Middle School Sport occurs during a school day on Wednesday afternoons from Term 1 to Term 4.

A number of our students have had the opportunity to pursue personal sport interest outside of school, and this we always encourage. Some of these interests include, Kayaking, Cycling, Equestrian, Triathlons, Little Athletics, and Surf Lifesaving. Results range from being the best in the state, to competing on an International stage. With all NCC secondary school students in attendance, our 2020 Sport Awards was hosted at New Life Church.

SPORTSPERSON AWARD

The Schools Sportsperson Award recognises students who have consistently demonstrated a high level of commitment, effort and ability across a range of sports through Queensland school pathways and points based criteria.

AGE CHAMPION

Students are awarded points at school sporting carnivals for placings that they achieve. Points are then collated at the conclusion of the carnival and an overall male and female Age Champion are presented for each age group 12 - 17+ years.

SHALOM FITNESS AWARDS

These awards recognise outstanding performance within our well-equipped SHALOM Fitness Gym. The award takes into consideration student attendance, performance, progression and conduct within the gym, and aims to motivate students to continue to achieve their high personal goals and standards. This also recognises students who display integrity and sportsmanship towards others in the Gym.

SPORT EXCELLENCE AWARDS

These acknowledge and celebrate students for their outstanding achievements in community and club sport. We recognise students that have competed at a State or National Representative Competition and above in an Outside of School Sport pathway.

BRONZE PINS

Bronze Pins are awarded to members of an Independent District Team or an Independent District Carnival Age Champion.

SILVER PINS

Silver Pins are awarded to members of the Sunshine Coast Region school sports team who competed at the Queensland school sport state championships or a Sunshine Coast Region Age Champion.

GOLD PINS

Gold Pins are awarded to members of the Queensland school sports team who represented QLD at the Australian School Sports Championships or is a Queensland School Sport Age Champion.

PLATINIUM PINS

Platinum pins are awarded to students who compete at an elite level through a recognisable International sporting event. A platinum pin is the highest possible sporting achievement award at Nambour Christian College.

CHAMPION TEAMS 2020

AGRICULTURAL SCIENCE

The Berakah Miniatures Show Team (BMST) provided opportunities for students to be involved in an active team environment, to train, care for and show miniature horses. In 2020 there was over 55 students in the BMST. This required 16 horses on the team and the challenge of managing such a huge team was met with outstanding results.

Once again, the BMST promoted a supportive environment for students in which they had opportunities to develop their personal skills, team leadership skills, work towards common goals and have a whole lot of fun.

Normally the team would attend nine shows in the winter show season, from Brookfield to Kingaroy, as well as showcasing their talents at various College events such as Open Day, Grandparents' Day and the Carnival Under the Stars however due to COVID these were cancelled in 2020. NCC also runs a weekend training camp and feature show on campus in term three which is always a highlight of the year that has been postponed to 2021. Students were able to spend break times and after school at the farm training their horse and attending to the many responsibilities, like cleaning stables and preparing feeds. Students and their families also tended to the stabled horses on the weekends all through the show season.

The BMST also provided a leadership structure within the team that allowed students to grow and develop their leadership skills through the progression from Trainee to Co-Handler to Lead Handler to Group Leader to Captain. Students once again embraced the opportunity to lead and enthusiastically did extra hours of training and mentoring in leadership.

Parents put in a huge effort to help the BMST function so effectively in 2020. The feedback received showed that they highly value the BMST for many reasons, but particularly appreciate the personal growth they see in their children and the positive camaraderie and ethos of the team.

JAPANESE

In Japanese we normally enjoy a variety of trips and experiences including a biennial Japanese Cultural Trip, Japanese school group visits and homestays (Mar, Jul, Oct), two week in-country cultural experience including many opportunities to host an exhange student throughout the year. These activities were put on hold due to COVID and we look forward to resuming these in 2021 and 2022.

SERVICE AND CULTURAL EXCHANGE TRIPS

- Year 9/10 Normanton Service Trip (14 students)
- Korean cultural exchange with four students
- Walkathon to raise funds for overseas projects
- Year 10, 11 and 12 students provided service in the community
- Middle School community service, baking for local community groups as part of subject 'Practical life'.

Social Climate

PASTORAL CARE

The NCC culture includes a belief that effective Pastoral Care is a fully integrated process for and between all members of our community. Pastoral care encompasses the College's formal and informal methods around our mission to be a 'Christ-centred learning community'. The College actively seeks growth for all students and staff in all areas of life; including intellectual, physical, emotional, social and spiritual areas. The broad approach to pastoral care is enacted through every staff member's responsibility and role in caring for students and each other.

As an 'attachment-focused' community, the College believes that well-being hinges around people's inter-dependence, as John Bowlby explains;

"Intimate attachments to other human beings are the hub around which a person's life revolves, not only as an infant or a toddler or a school child but throughout adolescence and years of maturity as well, and on into old age. From these intimate attachments, a person draws strength and enjoyment of life and, through what he or she contributes, gives

strength and enjoyment to others. These are matters about which current science and traditional wisdom are at one." (John Bowlby)

Effective relationships are the foundations for care and learning. This is a consistent topic for staff induction and ongoing professional development, including the daily staff devotional and prayer times. The critical hub for the pastoral care of students is the role of the class teacher in the Junior School and the Family Group Teacher in the Middle and Senior Schools. These teachers manage daily care and oversight of students, and in turn, their work feeds into the formal network of Year Coordinators, Deputy Heads of School, Heads of School, Student-Protection Officers, First Aid staff and the Director of Student Well-being. Ultimately, the College Principal is responsible for the pastoral care in the College, in the context of our collective responsibility and inter-dependence as a community. The Director of Student Well-being oversees critical interventions for students and works closely with families and community agencies for the ongoing support of students.

Formal programs of care are delivered through class/Family Groups, weekly assemblies, weekly chapels, yearly camps, Christian Studies lessons and 'teachable moments'. Value-added programs operate in each of the sub-schools to develop ideas and support around topics such as character development, relationships education and self-discipline. Camp programs also support this program according to the development stages of the students; for example, single-gender camps in Years 8 and 9 build on lessons around the theme of the journey toward adulthood.

Community service activities, whether whole College or part of the Senior School timetable, also contribute to the students' sense of place and value in the world. Extension opportunities exist for students to be part of service teams that travel to places such as Normanton, Fiji, Africa and Thailand.

Parental Involvement

A 'partnership with parents' is at the heart of effective learning and College life. The partnership is developed through regular communication, special parent-teacher opportunities and a variety of opportunities for practical engagement with staff and students.

In 2020, approximately 20 parents were involved in supporting learning through small group and individual reading programs and over 200 parents assisted in various activities as listed below in the Friends of Groups.

Significant engagement with parents occurs through the Friends of Groups where parents work alongside staff and students in a variety of co-curricular programs.

- Friends of Performance and Instrumental Music recording of performances, fundraising for trip, Early Learning Centre end-of-year BBQ, working bee hours photocopying, sorting and filing band and choir music.
- Friends of the Farm (Berakah Miniatures Show Team) working bees, core committee (help plan, manage, develop the culture of BMST), rug and feed on weekends, assist at Agriculture Shows and training camps.
- Friends of Sport assistance at all sports carnivals and general assitance in the office.
- Friends of the Arts assistance with the preparation for musical production/
- Friends of Library assisting with care, covering and catalogue of books and assistance in special events.

SECURITY. SUPPORT. SUCCESS.
